GUIDELINES THESIS PROJECT DEFENSE

Doctor Joaquim António Oliveira Barros, Full Professor at the University of Minho, Director of the Steering Committee of the Doctoral Programme in Civil Engineering, within the scope of the Curricular Unit Thesis Project,

Makes it known that:

1st - As defined by the chairman of the jury, the following provisions must be observed:

I. The presentation and discussion of the Thesis Project within the scope of the Curricular Unit "Thesis Project" of the Doctoral Programme in Civil Engineering will be appreciated by the members of the jury during a maximum of 60 minutes.

II. The session will begin with a presentation of the Thesis Project (by the candidate), with a maximum duration of 20 minutes.

III. A discussion will follow with the intervention of the jury members and the candidate during the following 40 minutes. The candidate has the right to occupy in his answers the same time as the one used by the jury members.

IV. In the end, the jury will meet to deliberate on the classification.

The Director of the Steering Committee of the Doctoral Programme in Civil Engineering.
